

What is MSAP?

MSAP stands for *Mature Students Admissions Pathway*. It is an assessment used for mature applicants to selected courses at University College Cork, University College Dublin, NUI Galway and University of Limerick.

The test consists of a Written English module and multiple choice modules. All applicants are required to sit the Written English module. Applicants will also be allocated to a multiple choice module, dependant on their university preference and course type.

All modules provide measures of the types of competencies considered important for success in tertiary study. The purpose of MSAP is to assess an applicant's ability to understand and analyse material and to think critically about issues. Specific curriculum knowledge is not required.

How old is a mature applicant?

To apply as a mature applicant in 2017 you must be 23 years of age on or before 1st January 2017.

Fast Facts

Test Date:

Saturday 4th March, 2017
